Dear Mr. Rajesh Shah,

Under the new requirements in 40 CFR §§ 264.71(a)(3) and 265.71(a)(3), owners and operators of hazardous waste treatment, storage, and disposal facilities receiving hazardous waste from a foreign source must submit a copy of documentation confirming EPA's consent to the import of the hazardous waste at the same time they submit a copy of the RCRA hazardous waste manifest within thirty (30) days of each import shipment's delivery.

This letter and attached notification serve as EPA's import consent documentation for the export as described in the attached foreign notice. Shipments to your facility may occur in accordance with the terms in EPA's consent to the attached foreign notice from April 15, 2010, to April 14, 2011. This waste will be subject to all applicable federal and state laws and regulations.

EPA is providing this letter and attachment for your use and recordkeeping because your facility is listed as a receiving facility or interim receiving facility in the attached foreign notice. Please include a copy of this letter and attached foreign notice along with each related import shipment RCRA hazardous waste manifest that you send to EPA. If your facility is not required to submit a copy of the import consent documentation along with the RCRA hazardous waste manifest under §§ 264.71(a)(3) or 265.71(a)(3) during the period of consent listed above, then you may discard this letter and attachment.

More information on these new requirements is available at <http://www.epa.gov/epawaste/hazard/international/oecd-slab-rule.htm>. If you have any questions regarding this correspondence, please contact Jean R. Shaw at telephone: (202) 564-7111, telefax: (202) 564-0025, or email: shaw.jean@epa.gov.
